Of course, if you can, go to Euromoot or Vézelay. Of course, you can join the red branch activities in France or Belgium. However, from this season 17+ red branch scouts from Europascouts Nederland do not need to go abroad.

Europascouts will be organising monthly red branch activities in Tilburg every first weekend. The main language for the activities will be english, to emphasise the scout's principle "... a boy scout favours a united and fraternal Europe."

We have scheduled weekends where you participate the weekend theme. You can join the red branch scouts nautiques programme aimed at leadership by and for nautical activities.
